

GENGIGEL®

Hyaluronic Acid

GUM PROTECTION

Daily care for Gum Inflammation and Oral Irritation

PRODUCT OVERVIEW

Daily care toothpaste for the oral hygiene of people suffering from **periodontal diseases**

- Helps reduce signs of occasional gum inflammation
- Helps prevent dry mouth, mouth ulcers and oral irritation

ADVANCED TECHNOLOGY

- **High-Molecular-Weight Hyaluronic Acid**
Deep hydration and oral mucosa comfort physiological regeneration support.
- **Patented HA + GFC Synergy¹**
Enhanced mucoadhesion and prolonged film persistence.
- **Patented HA + GFC + Ascorbyl Palmitate²**
Anti-hyaluronidases action - Enhanced formulation stability.
- **Aloe vera • Alpha bisabolol • Betaine³**
Soothing compound
- **Lactoferrin⁴** Protection against bacteria.

MECHANISM OF ACTION

- Mucoadhesive film-forming toothpaste⁵
- Low foam formation for prolonged film persistence
- Promotes the natural salivation process

PLUS

- Dentist-controlled testing⁶
- 96% ingredients of natural origin
- Low abrasive profile⁷
- Alcohol-, sugar and SLS- free
- Patented

INDICATIONS

- Daily gum protection
- Gum inflammation (swelling, redness, occasional bleeding)
- Dry mouth, mouth ulcers and oral irritation

CONTENTS

- Tube 75 ml
